MEMORANDUM

Date: June 17, 1998

To: U.S. EPA

From: Margaret Garry, *MG*, Mexicantown Community Development Corp.

Re: State of Michigan Rule 901/SIP Language

I am writing to urge the U.S. EPA to maintain the State of Michigan Rule 901 as a part of the State of Michigan Implementation (SIP) language as filed with the USEPA.

I request this because:

- Inclusion in the SIP will continue to make 901 a Federally enforceable rule.
- Because of budget limitations related to enforcement in Wayne County we welcome the additional resource of Federal enforcement when deemed necessary.
- Drastic changes made in State environmental laws cause us concern that Rule 901 might be considered for changes in the future.
- Because 901 is the only rule that provides a basis for enforcement actions related to odors and nuisance offenses.

I believe it is critically important to our health and welfare and quality of life to retain Rule 901 at a Federal level.
